

BLM

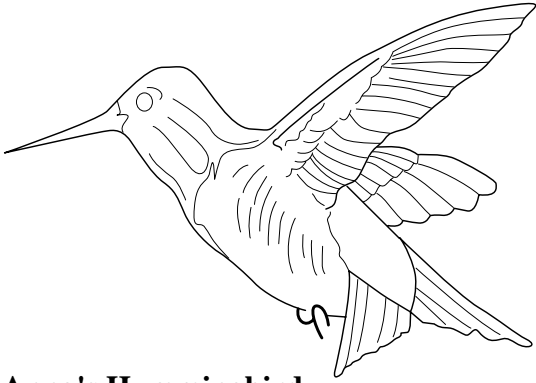

ARIZONA

ACTIVITY AND COLORING BOOK

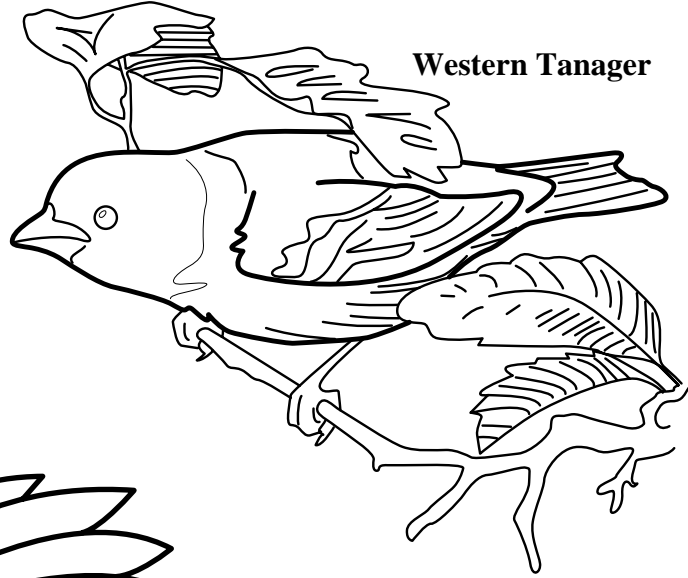

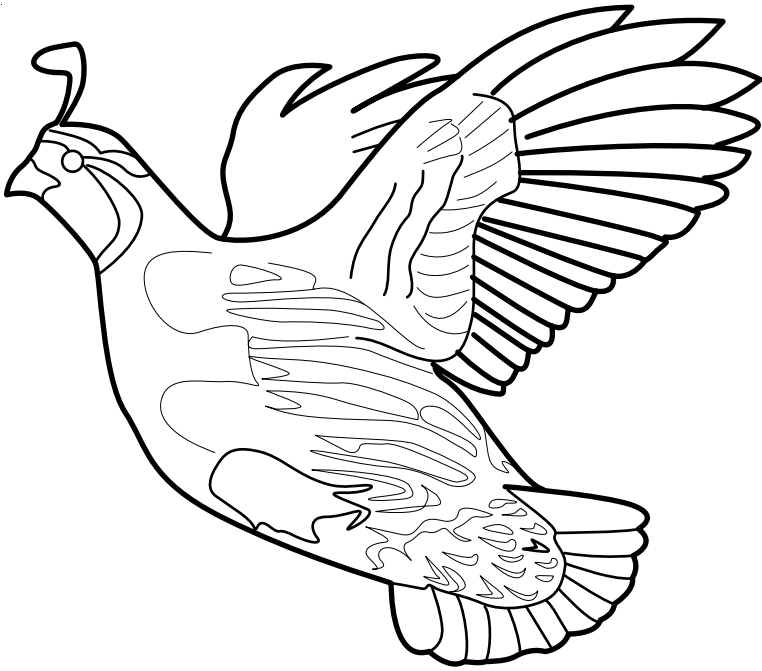

A riparian area is a strip of green vegetation growing along the sides of a river or stream. Riparian areas are important as homes for many animals and birds as well as to stop erosion.

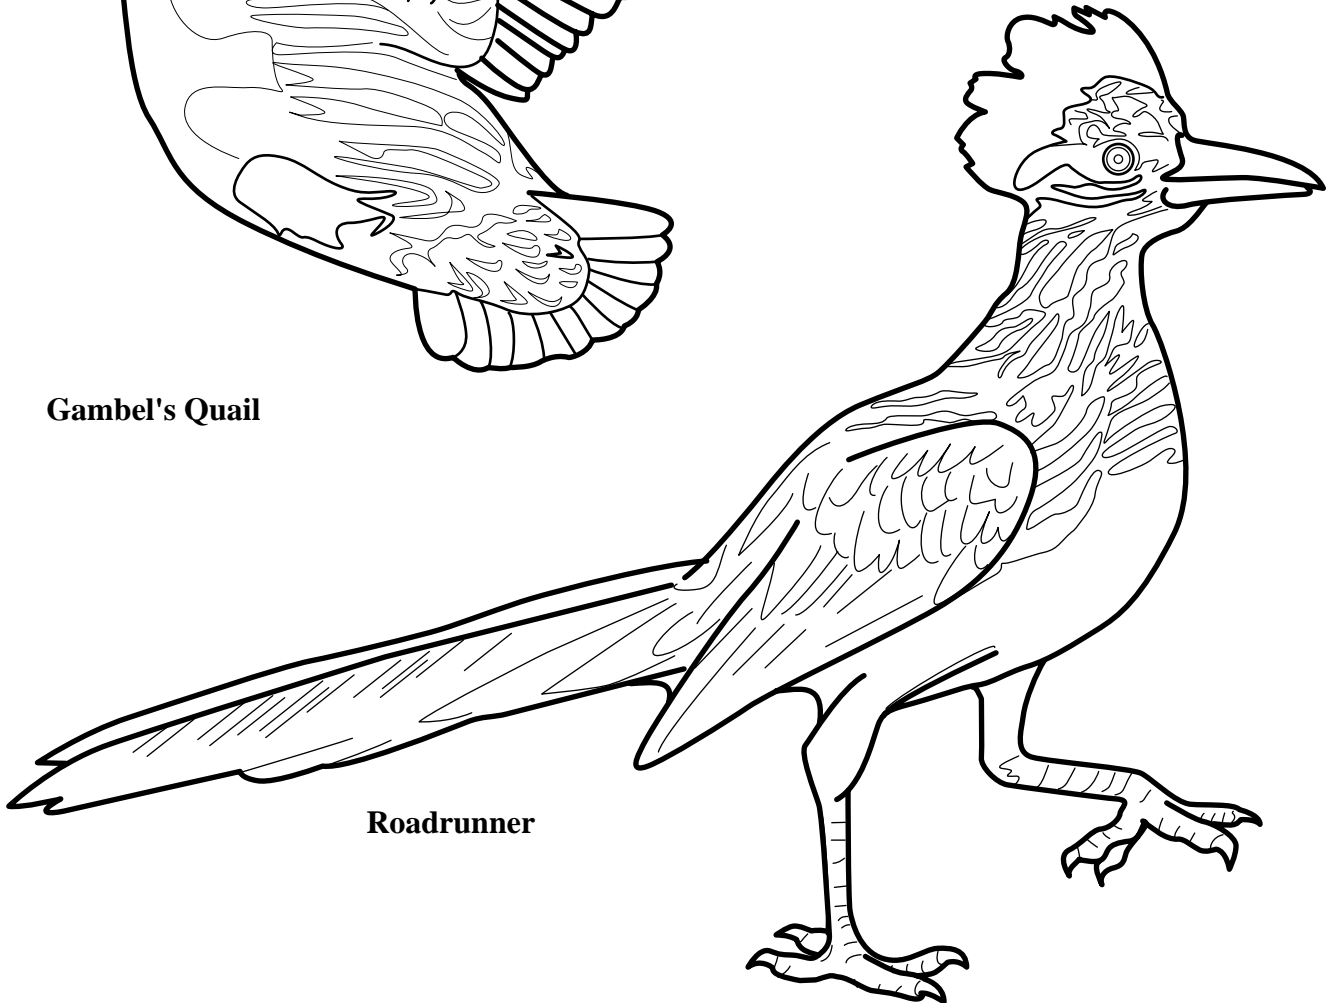

Anna's Hummingbird

Western Tanager

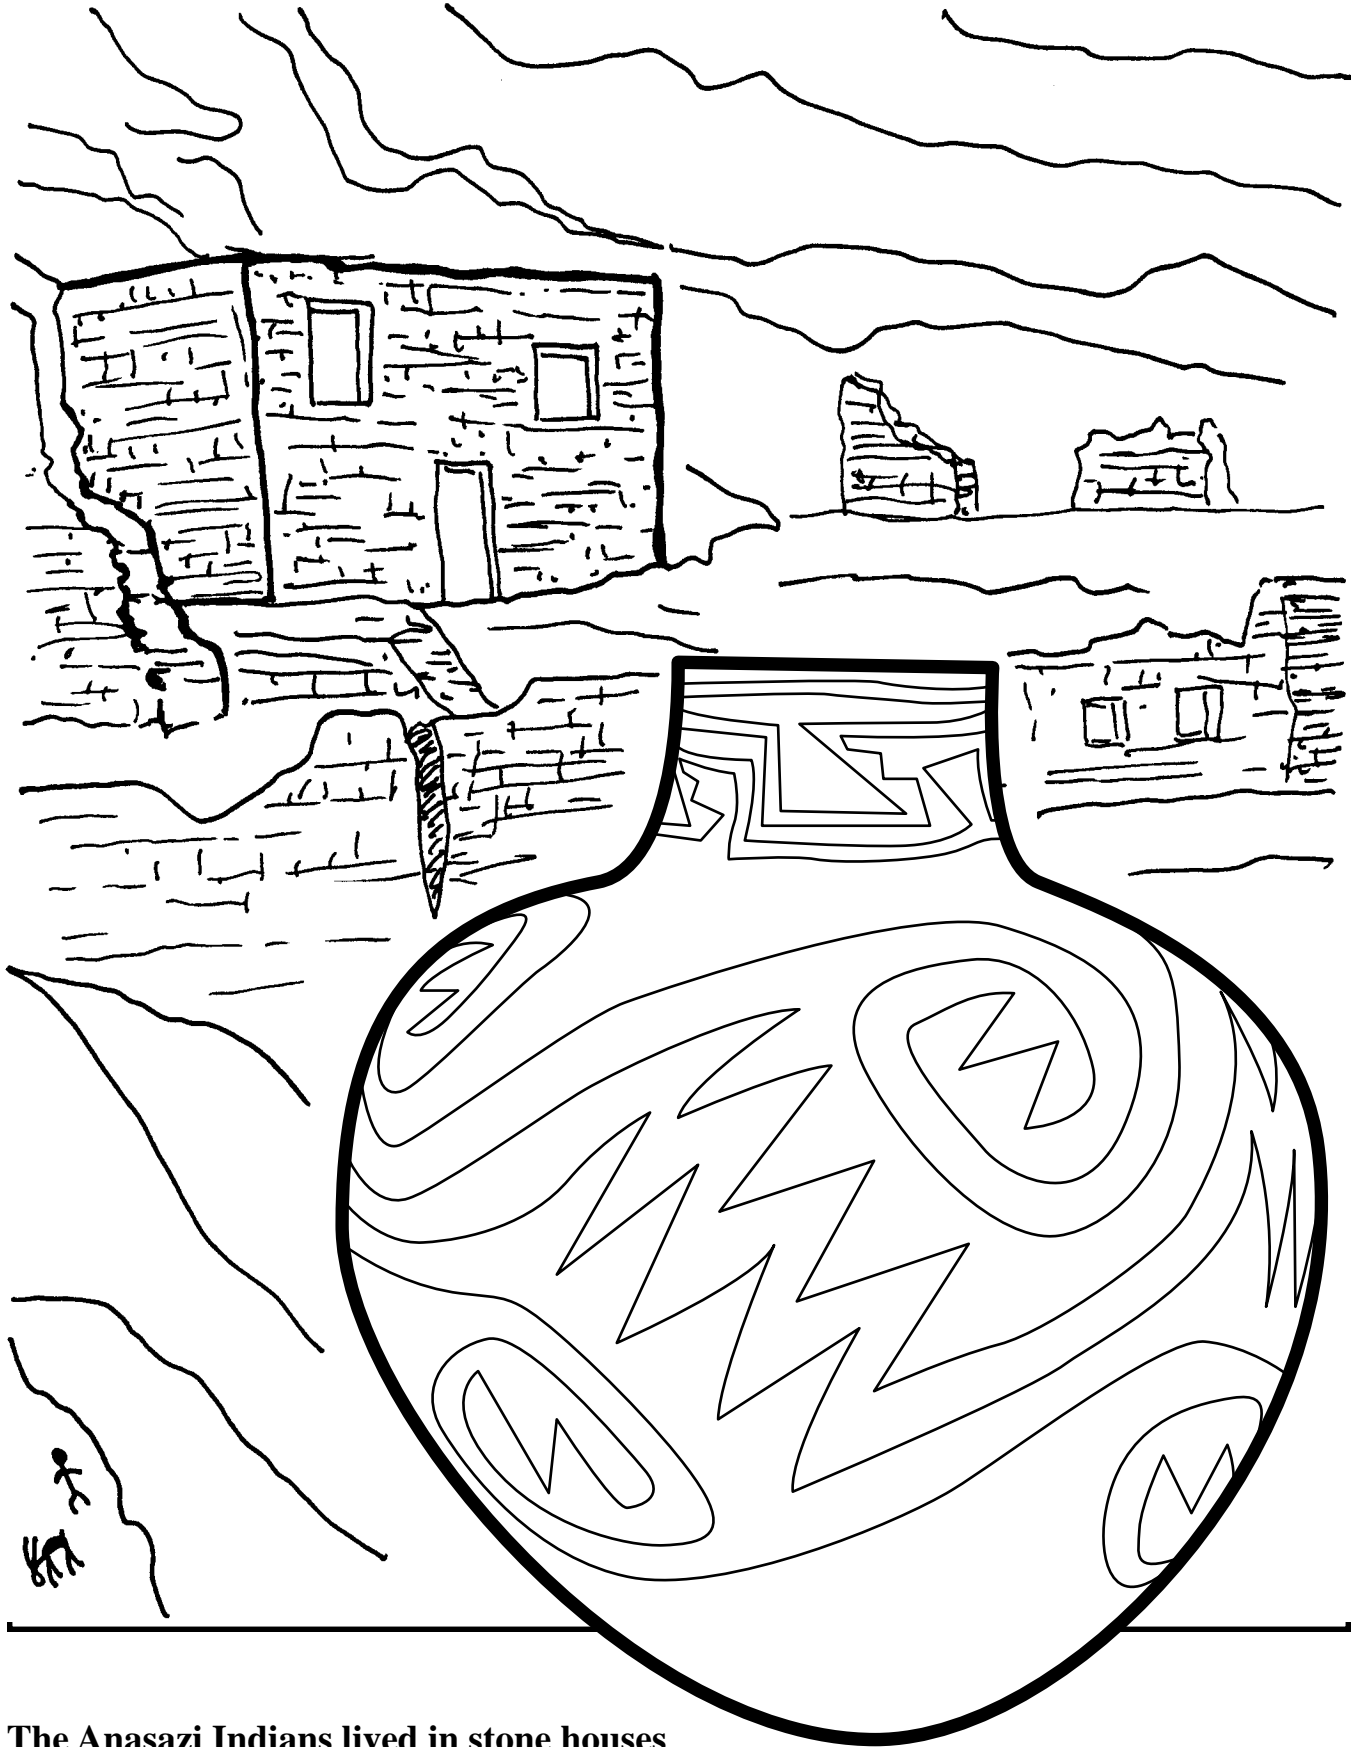

Gambel's Quail

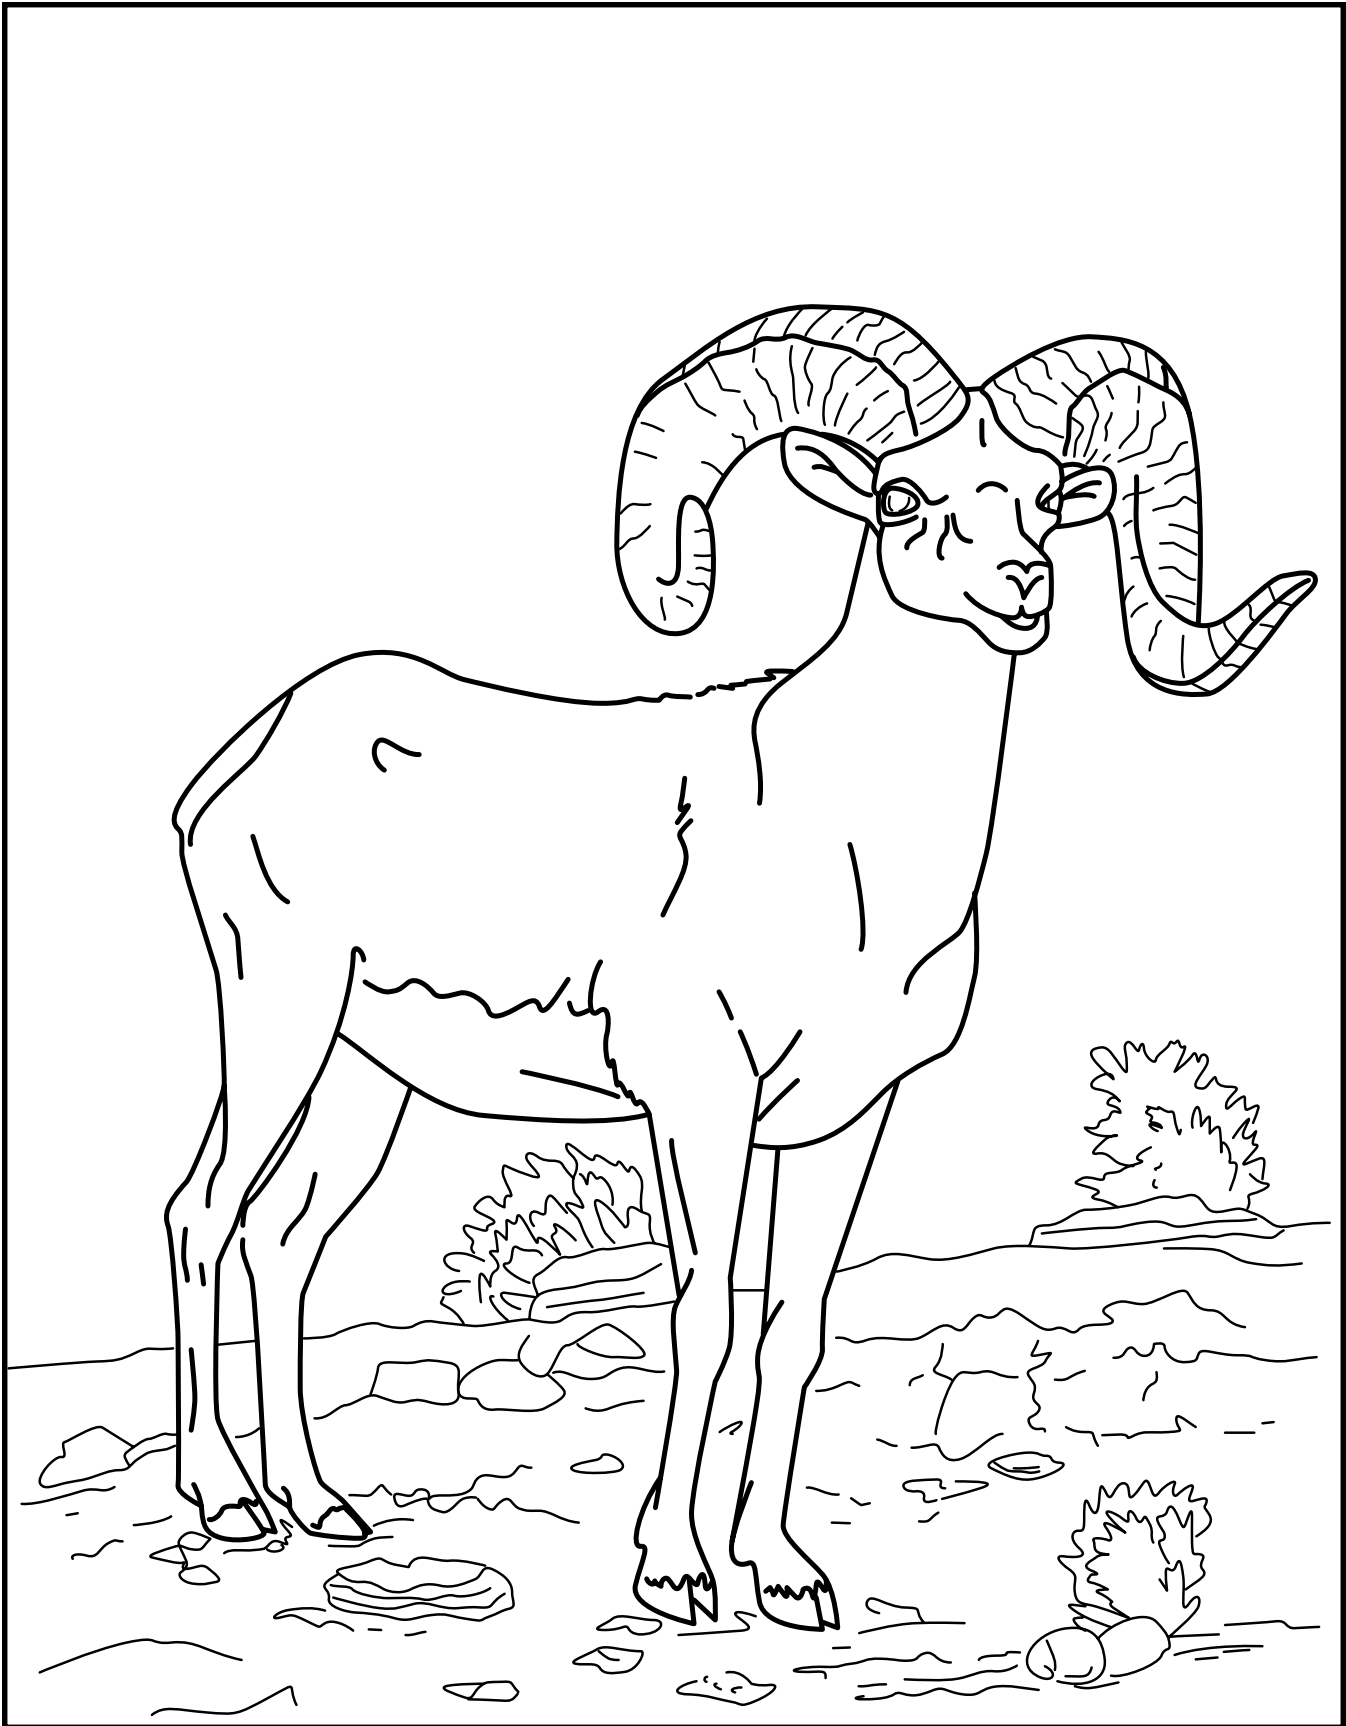

Roadrunner

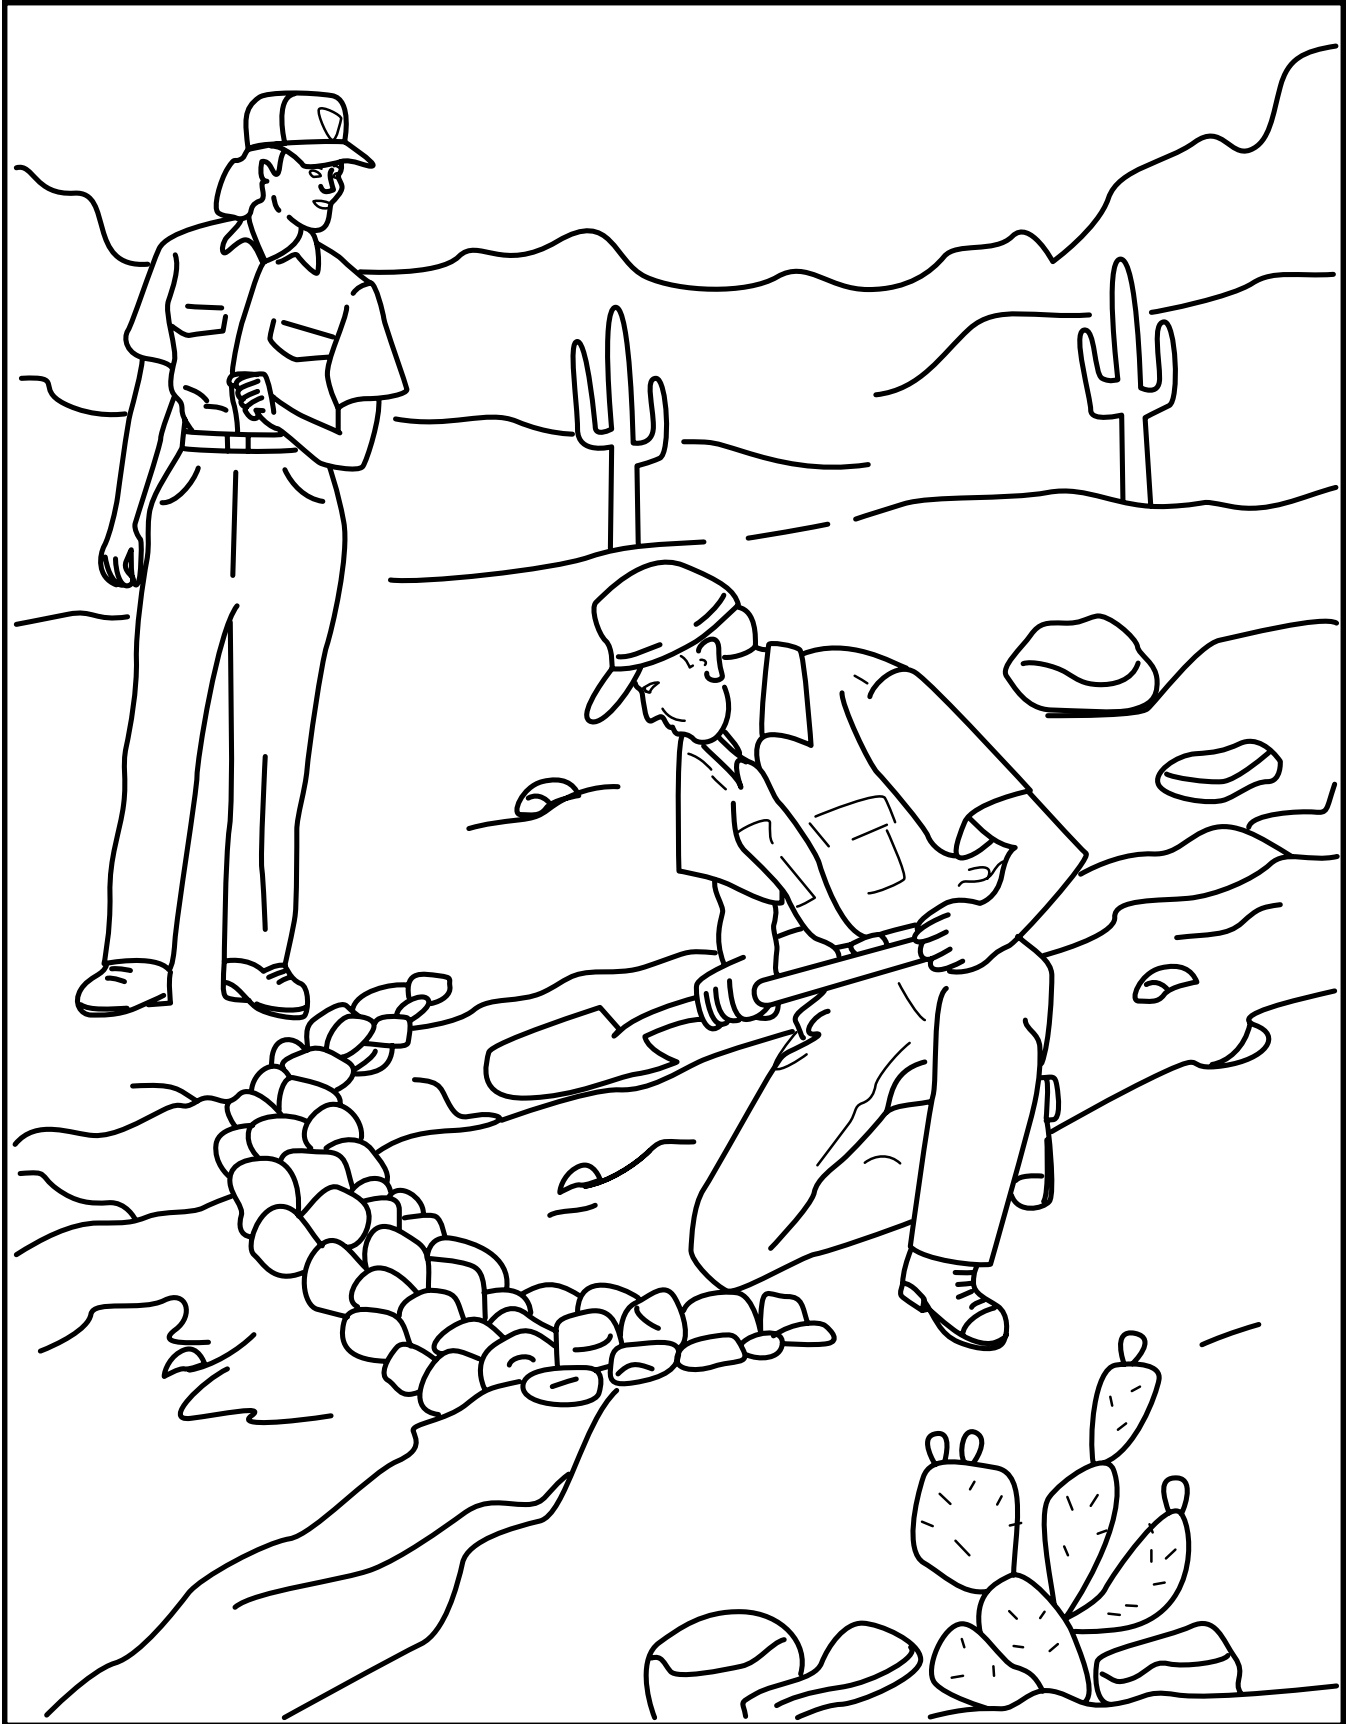

There are 475 species of birds native to Arizona. Here are some to color!

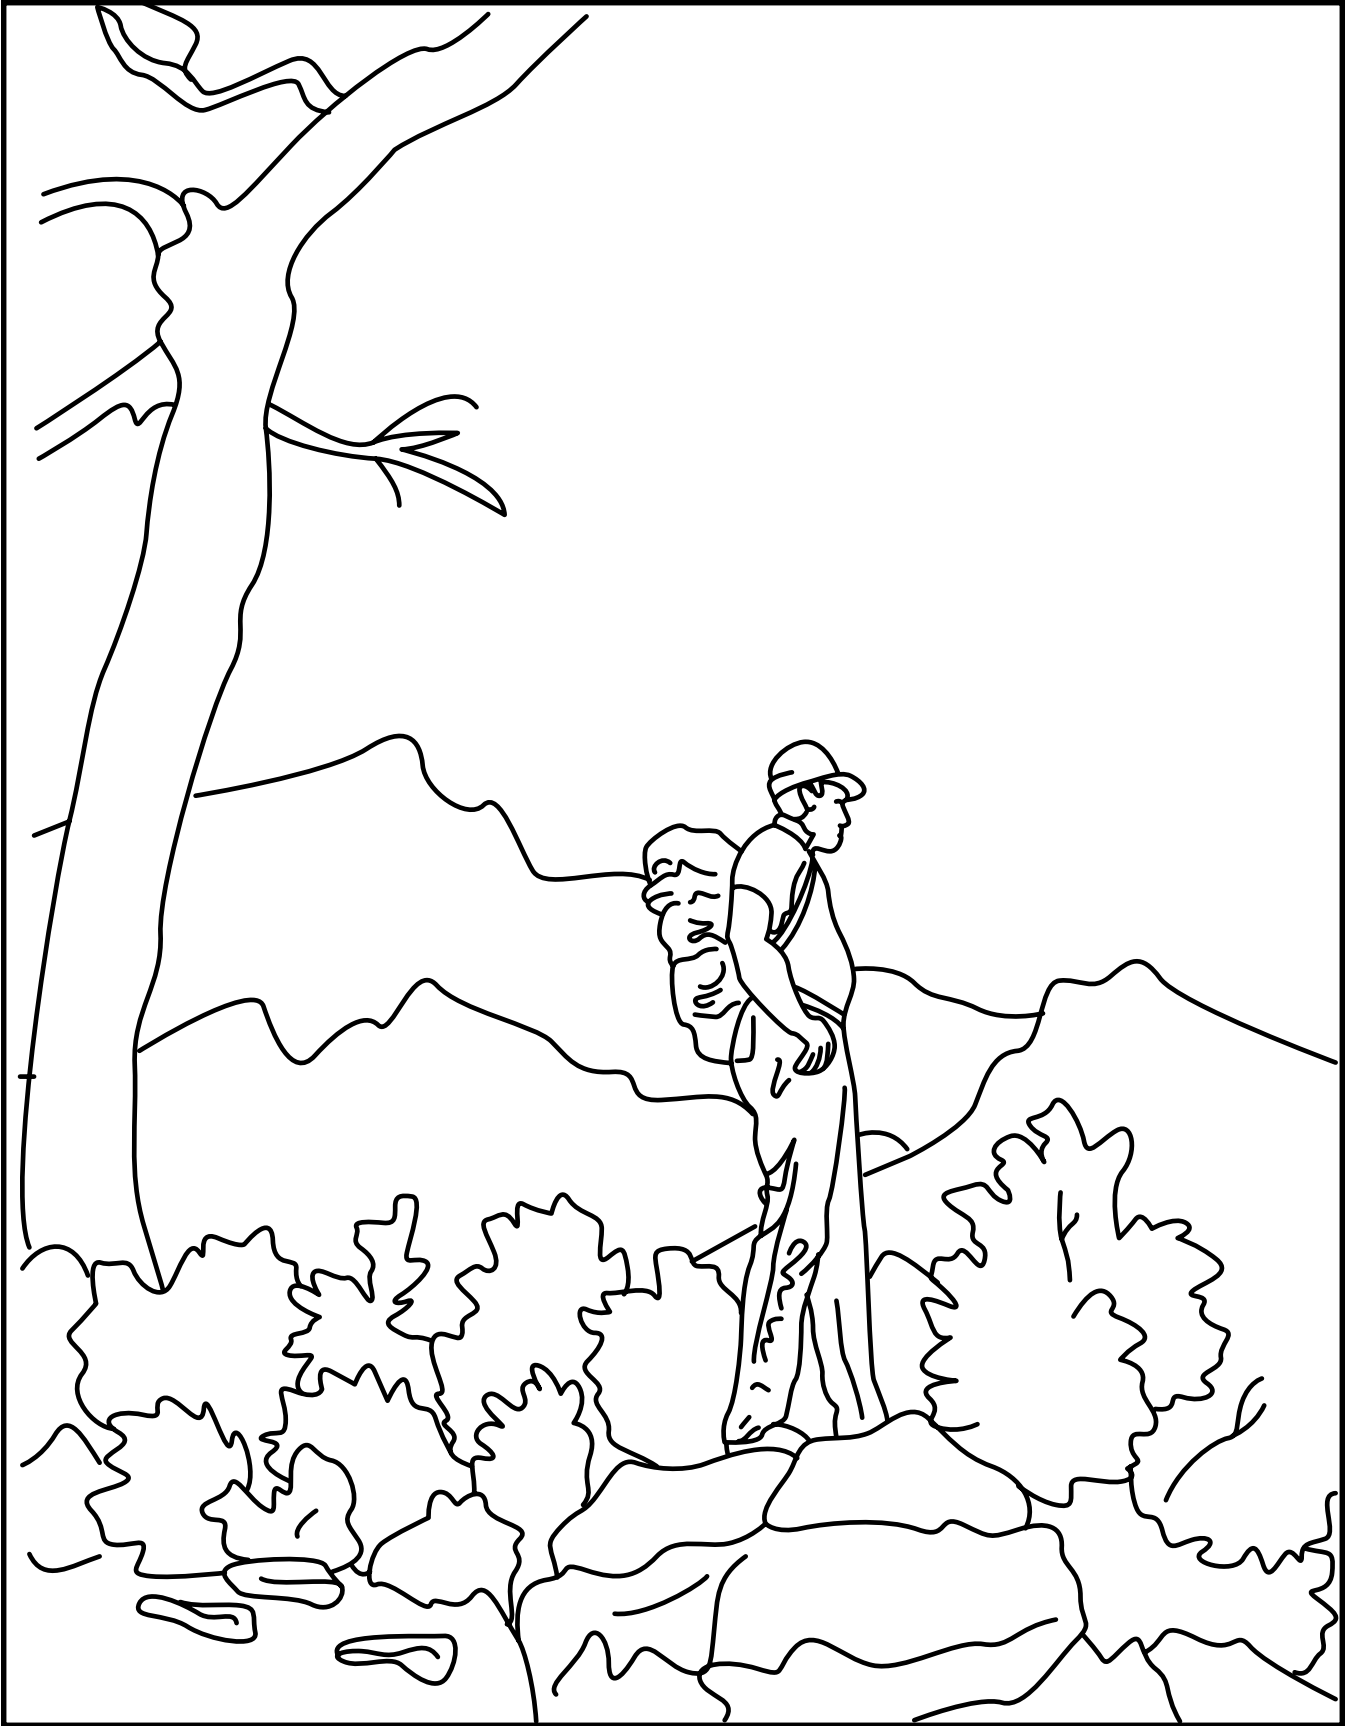

The Anasazi Indians lived in stone houses like these in Arizona almost a thousand years ago. The Anasazi are gone now, but you can still find their pottery. Anything you find should be left alone--it's the law!

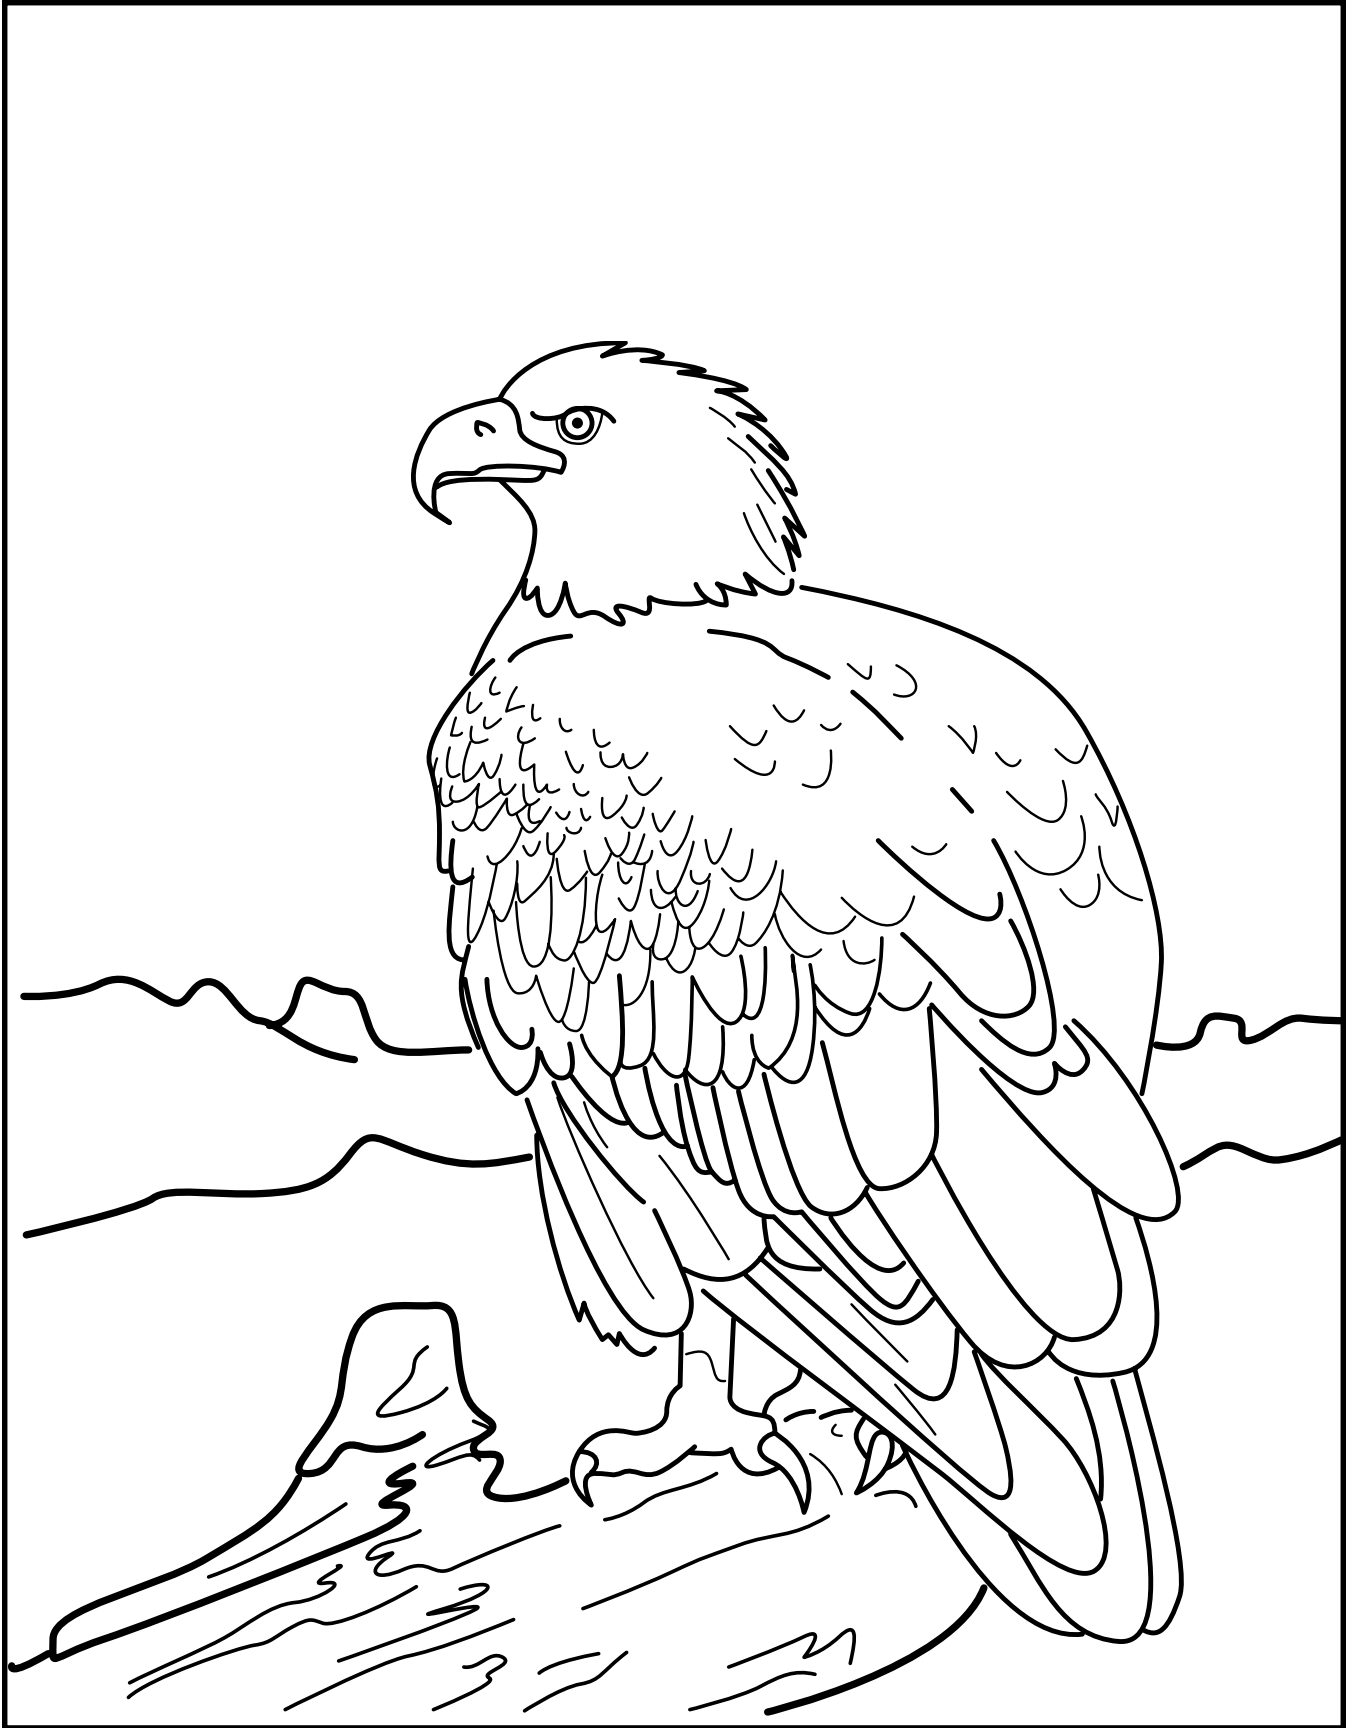

**Desert Bighorn Sheep were once an endangered species in Arizona.
Today they live on BLM lands and their herds are growing.**

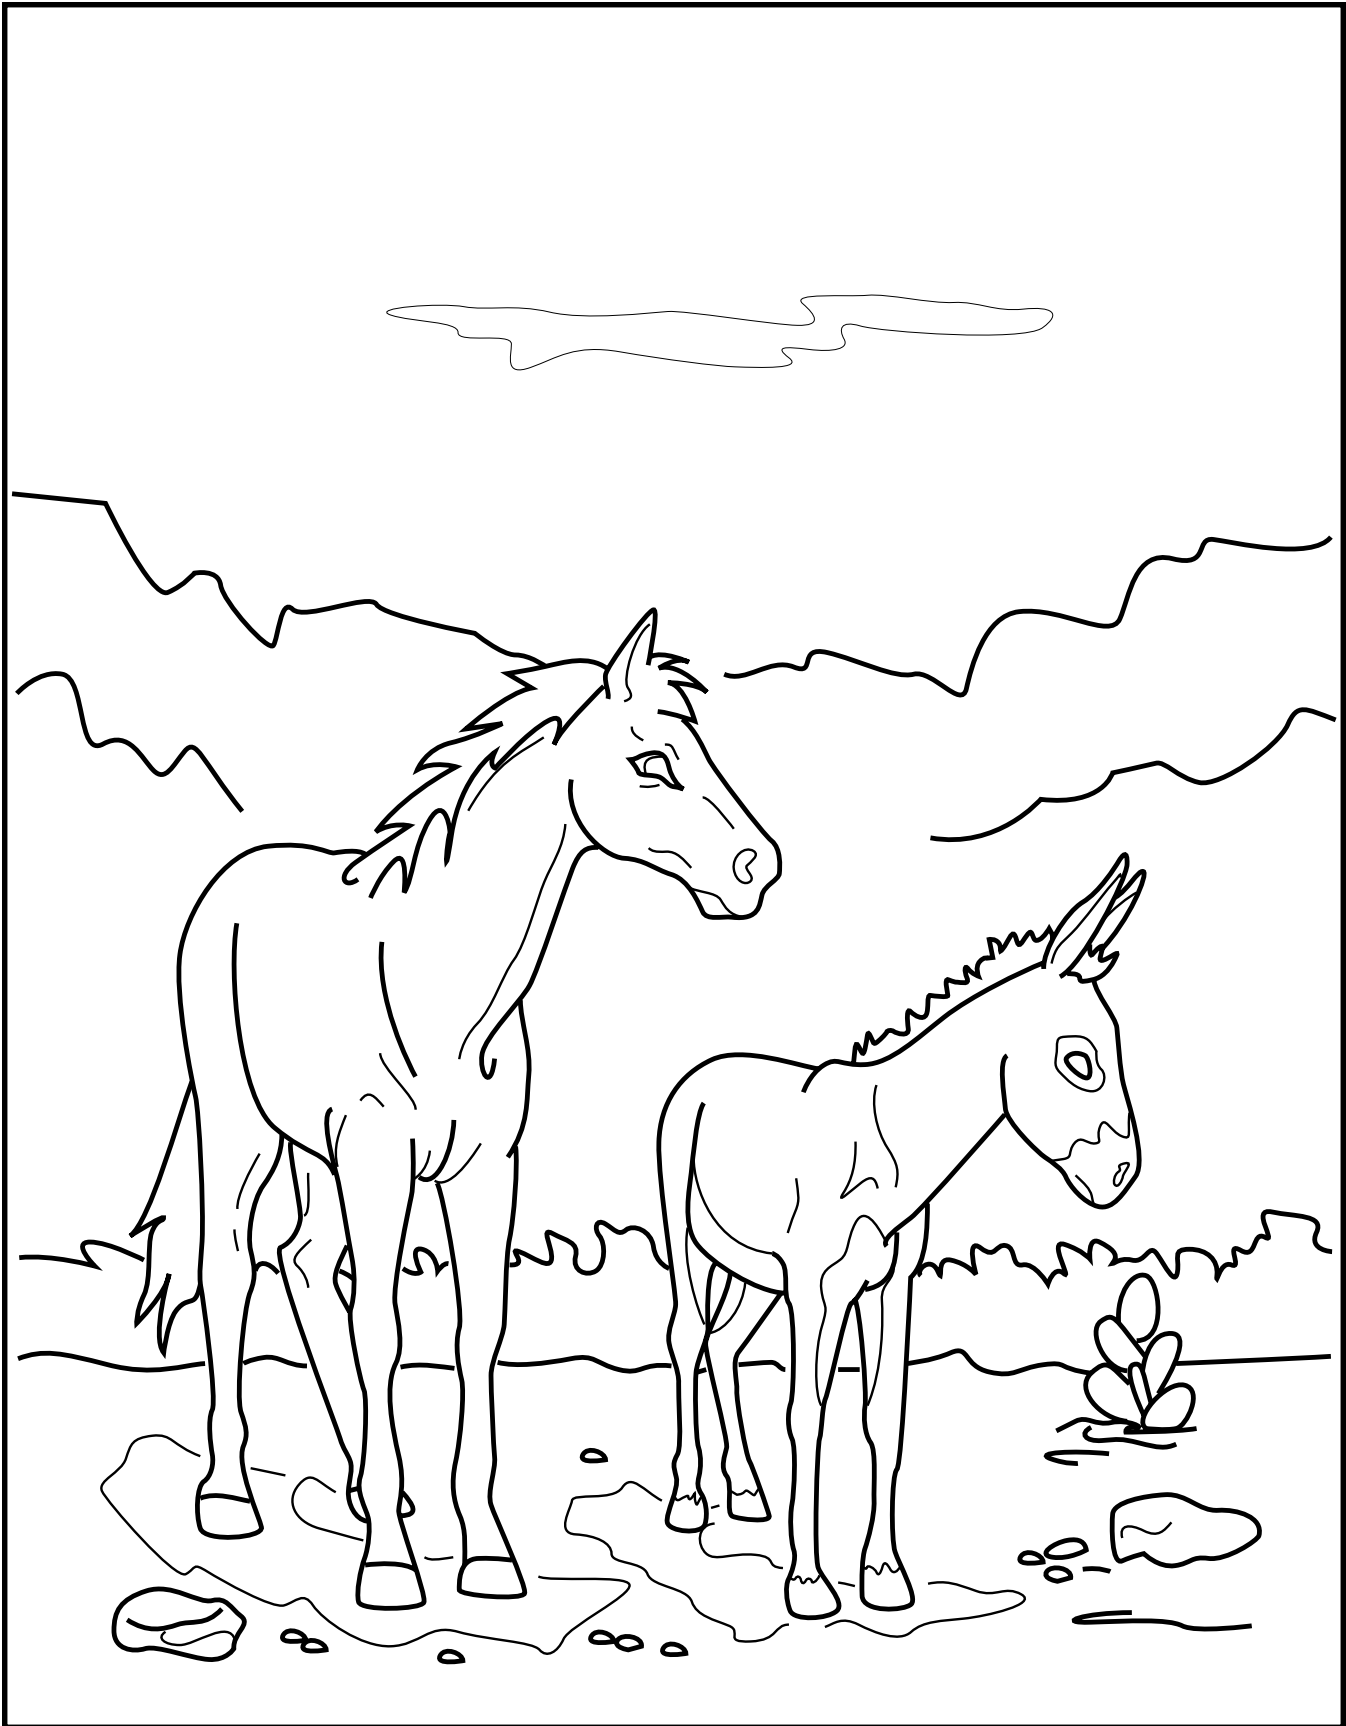

Volunteers help the BLM. These volunteers are giving up their free time to build a sheep guzzler for Desert Bighorn Sheep, so the sheep can drink water.

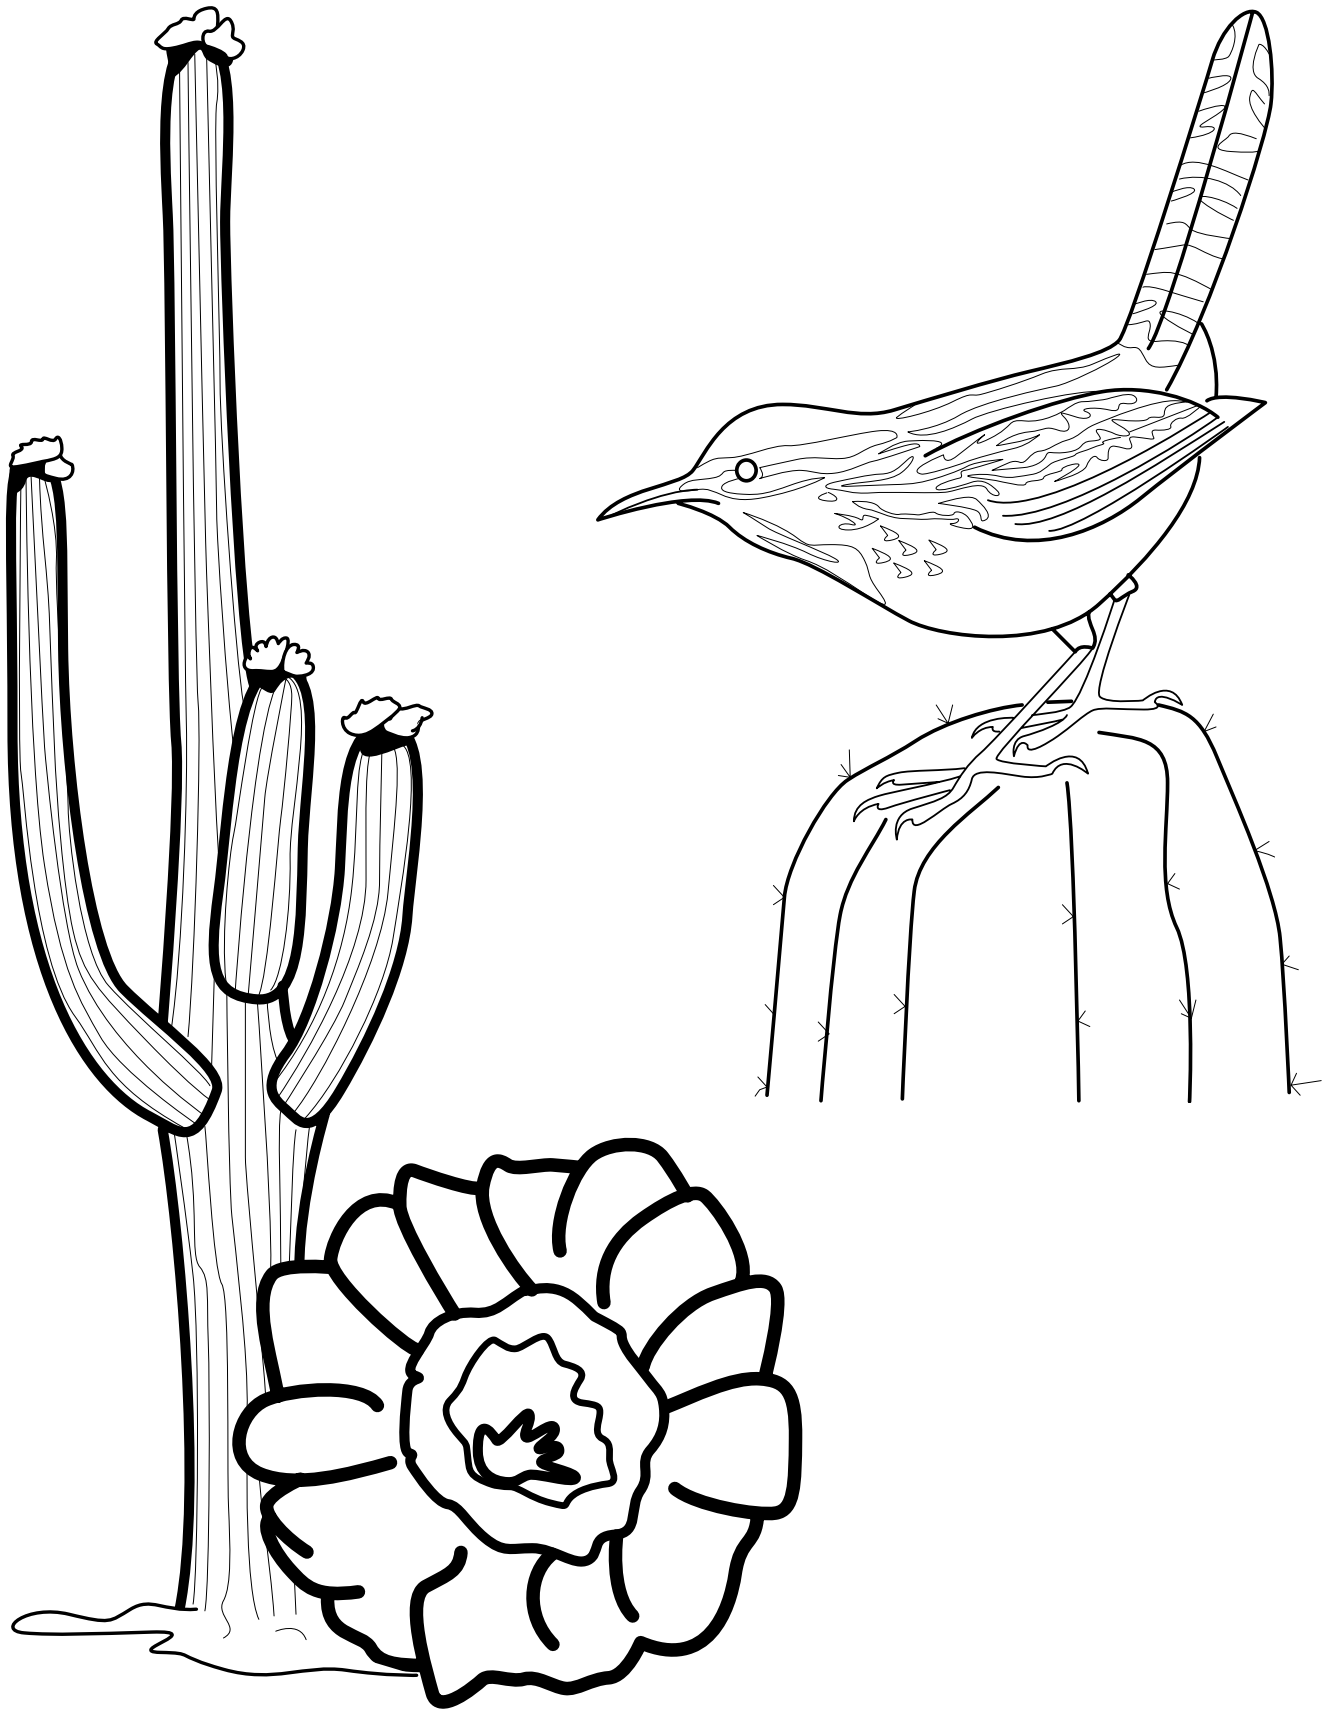

There are 47 BLM wilderness areas in Arizona. Wilderness means an area of land uncultivated and uninhabited by human beings, essentially in its natural state.

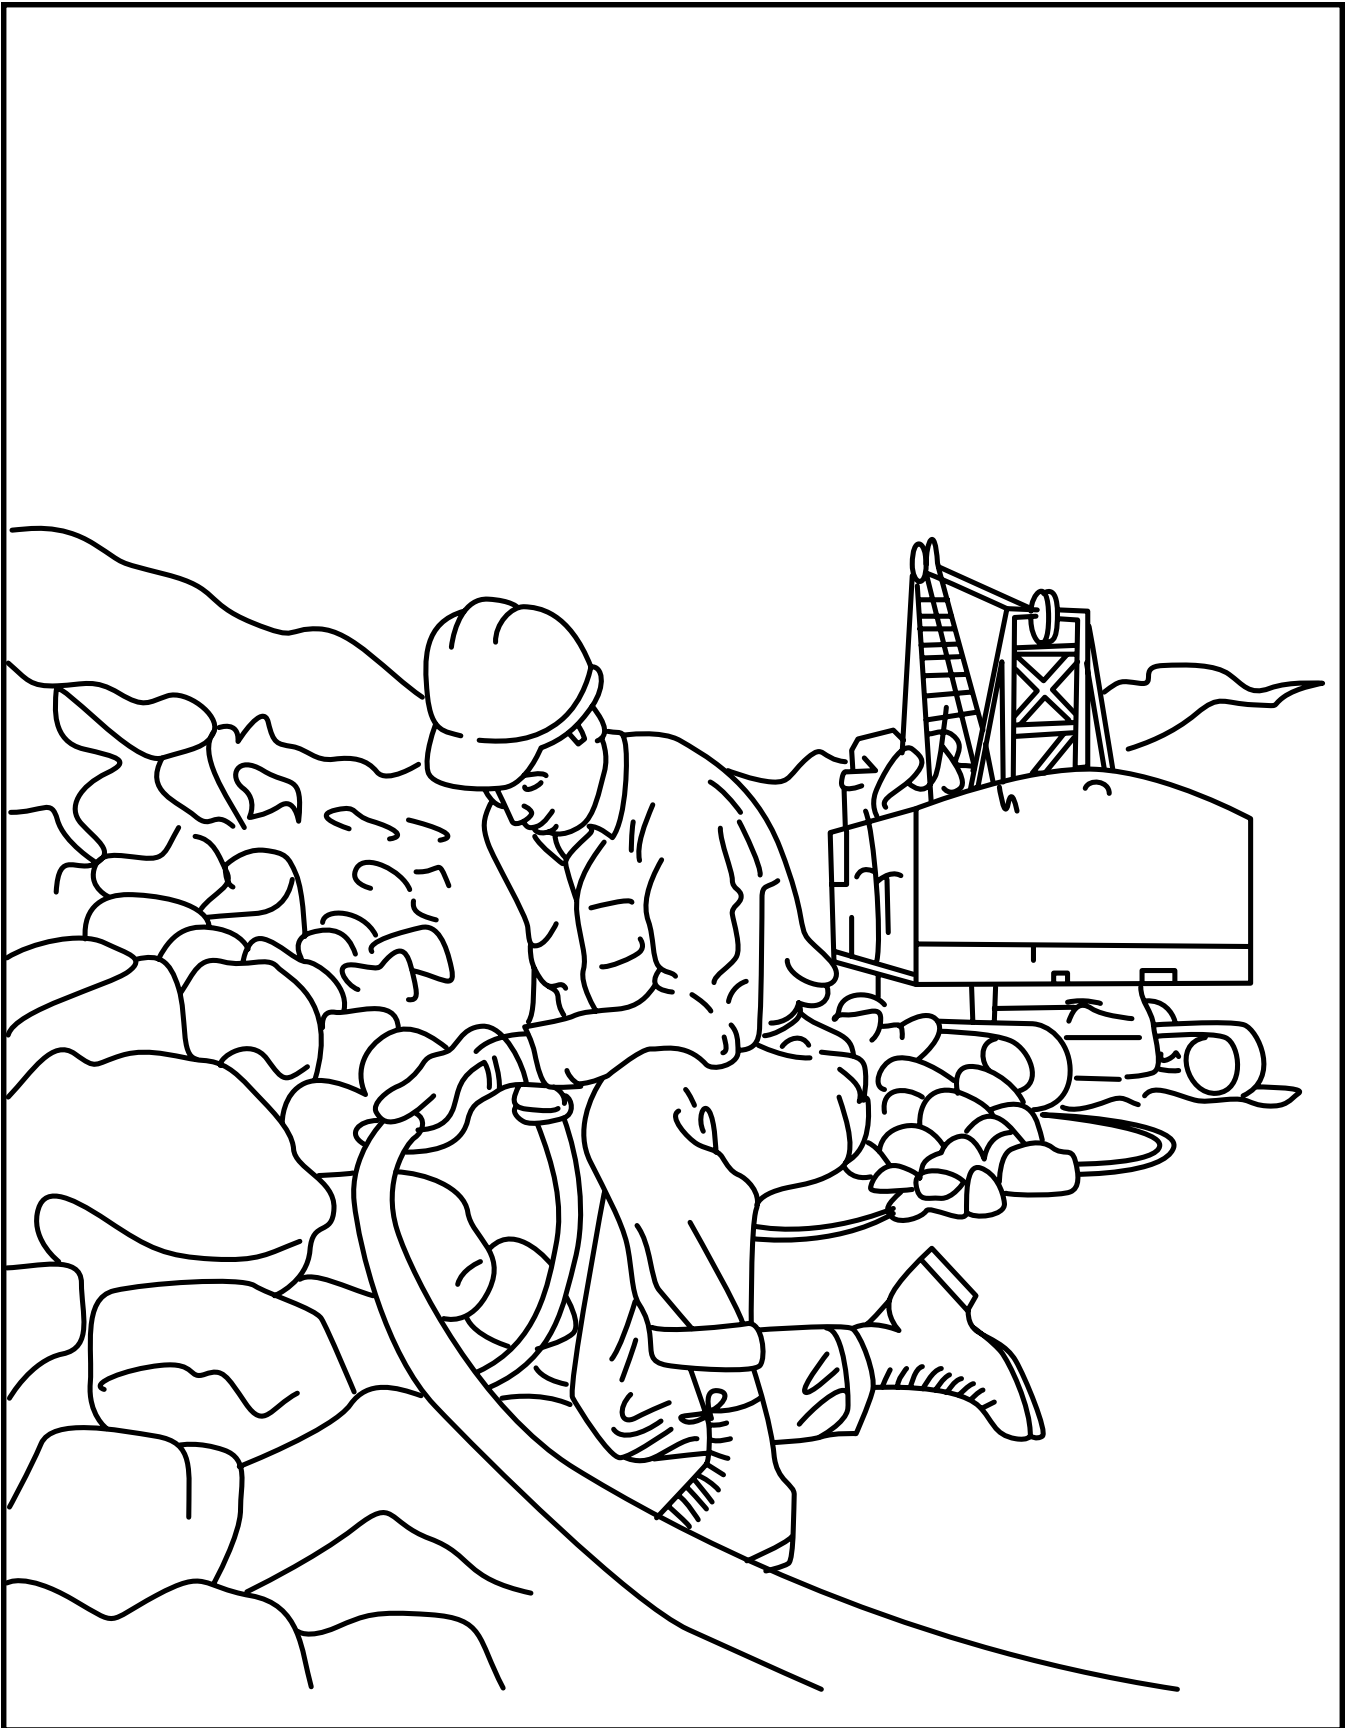

The symbol of the United States is the bald eagle. Arizona has a growing population of these proud birds.

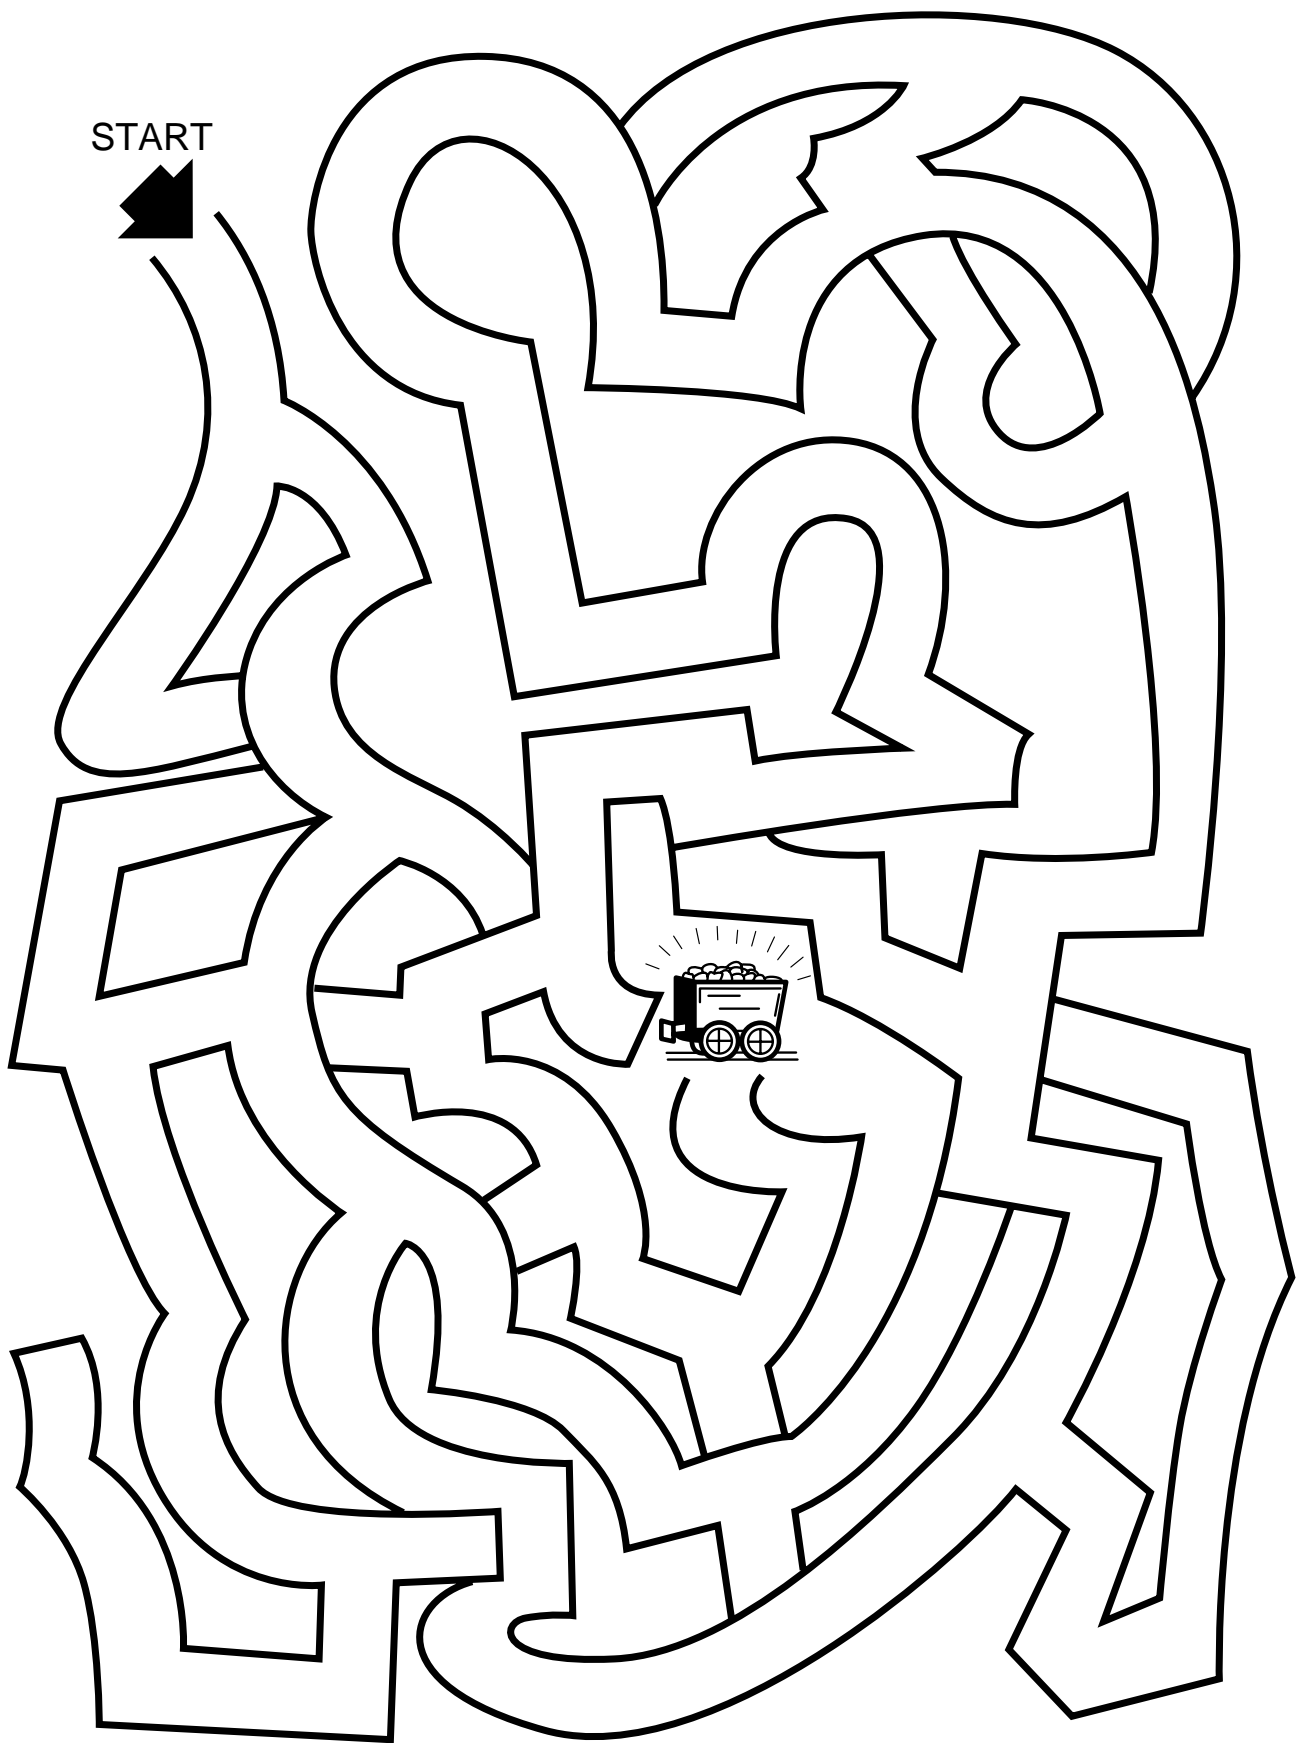

**The BLM offers wild horses and burros for adoption.
Could your family give one a home?**

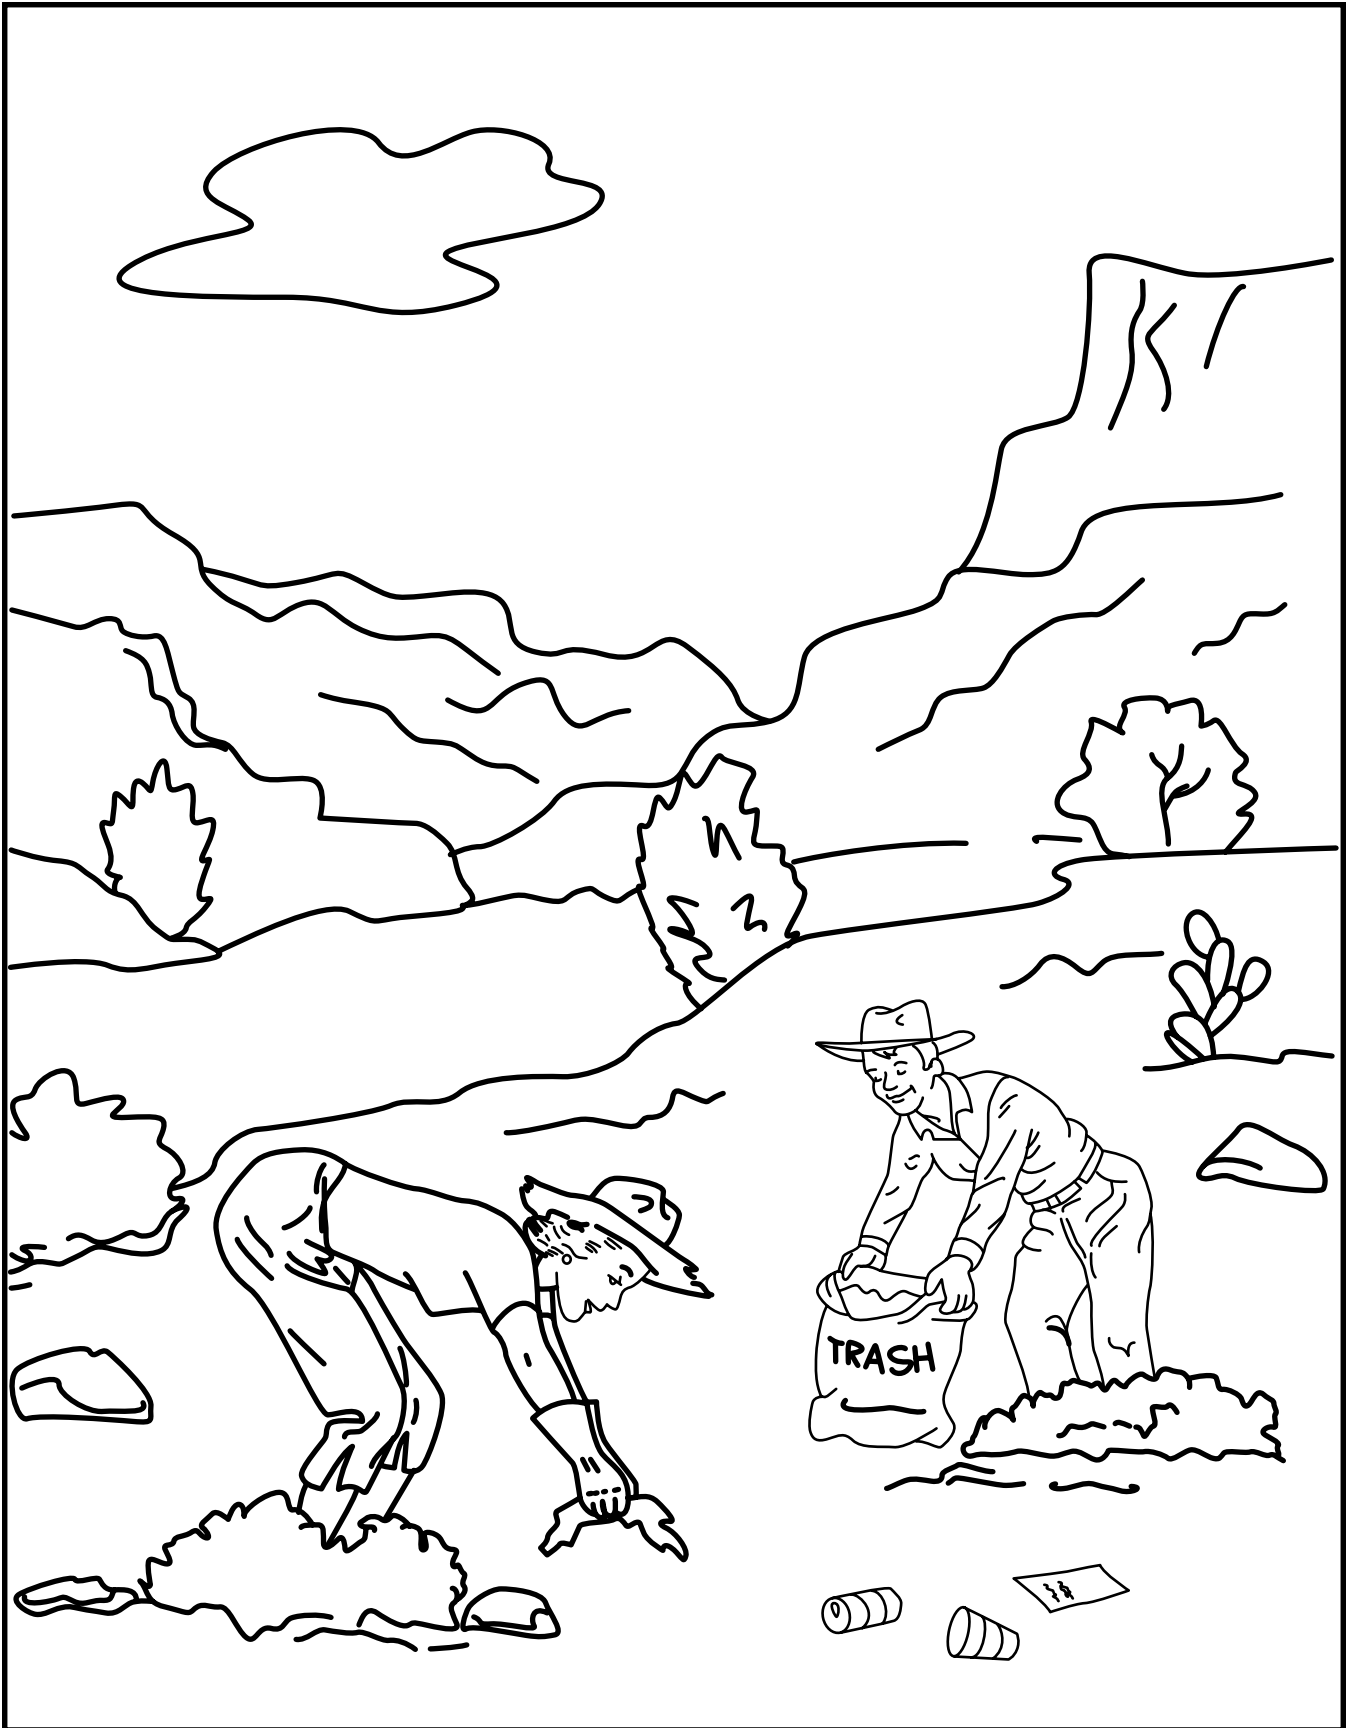

**The cactus wren is the Arizona state bird.
The state flower is the saguaro cactus blossom.**

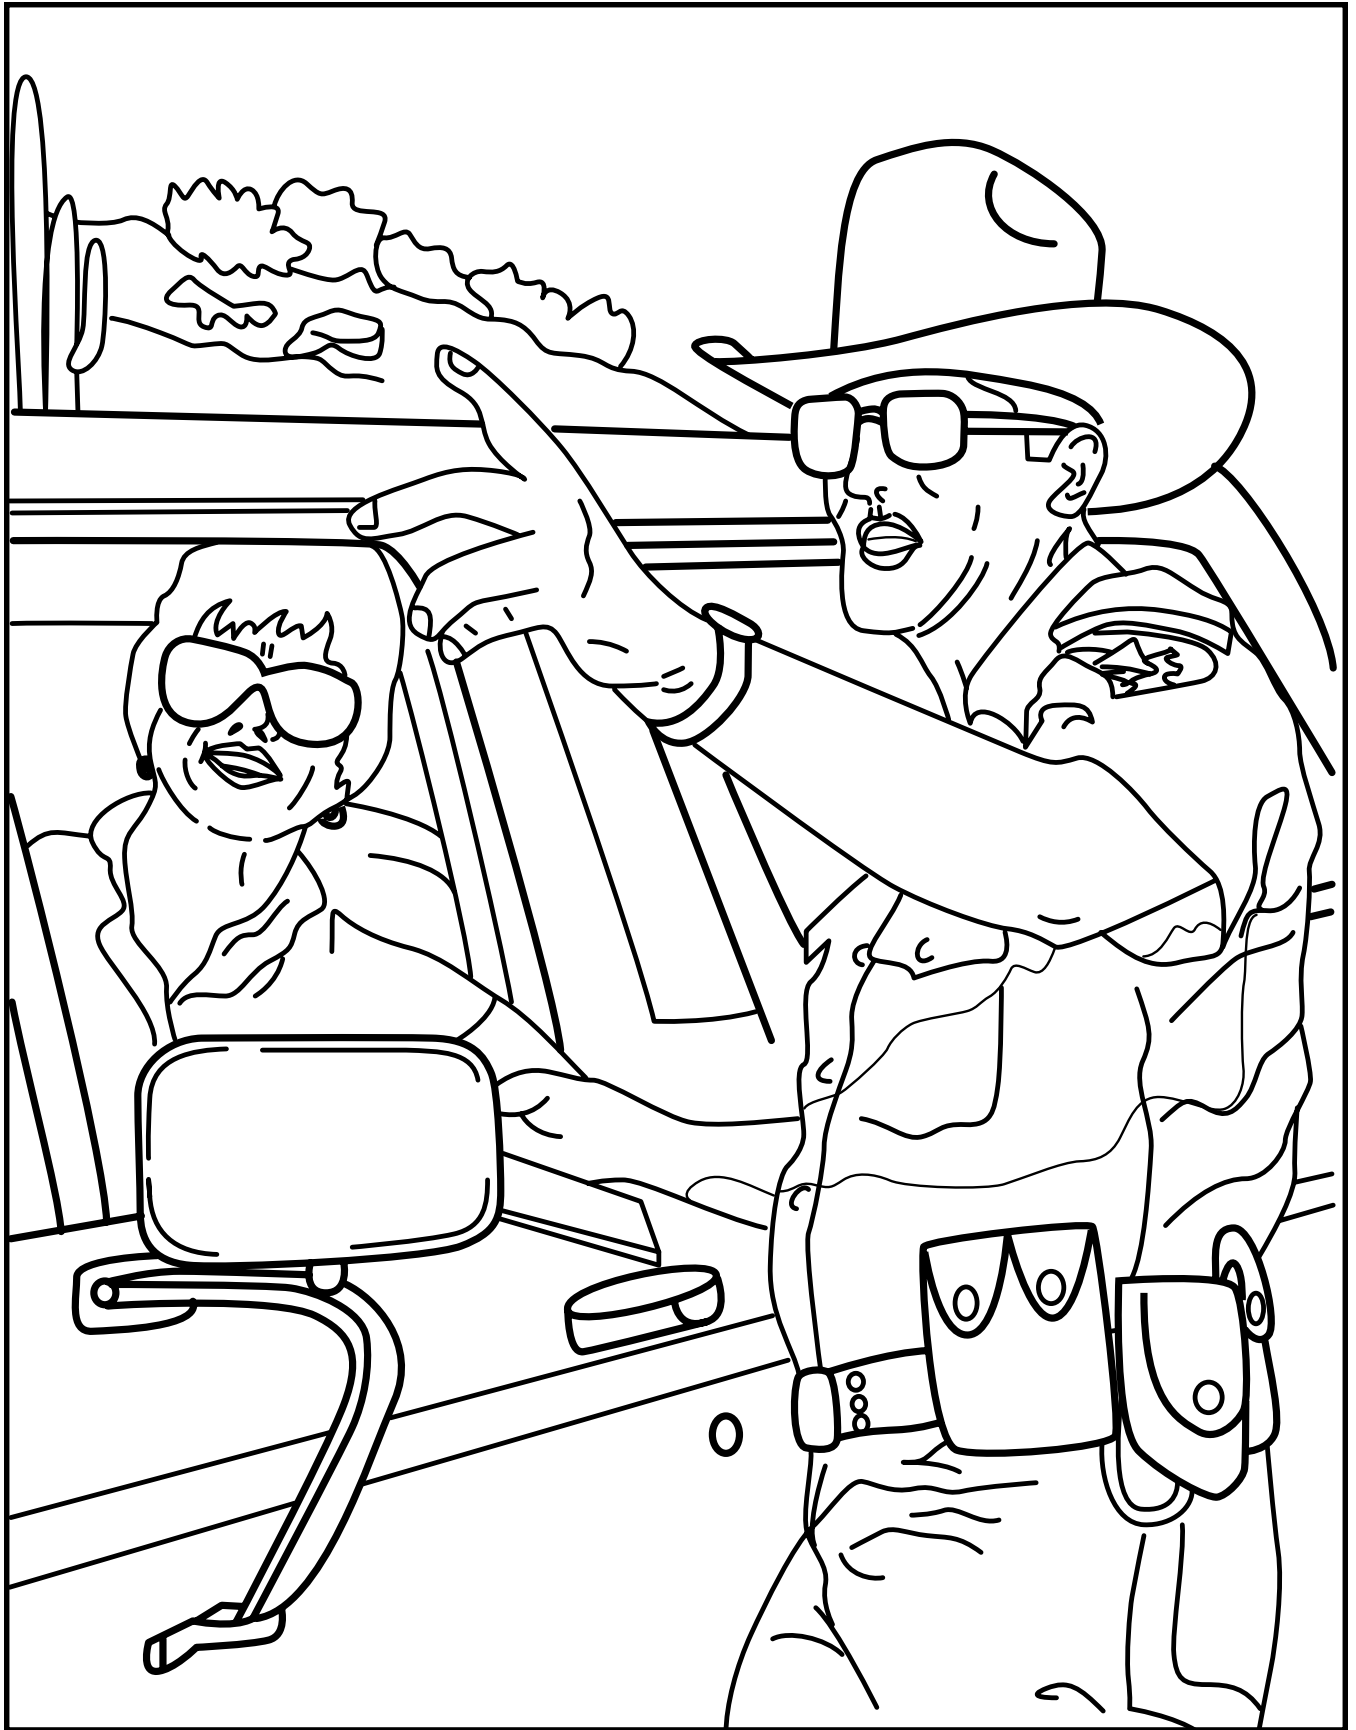

Many different minerals are mined in Arizona such as uranium, copper, gold and silver. A miner uses various methods to extract these minerals from the ground.

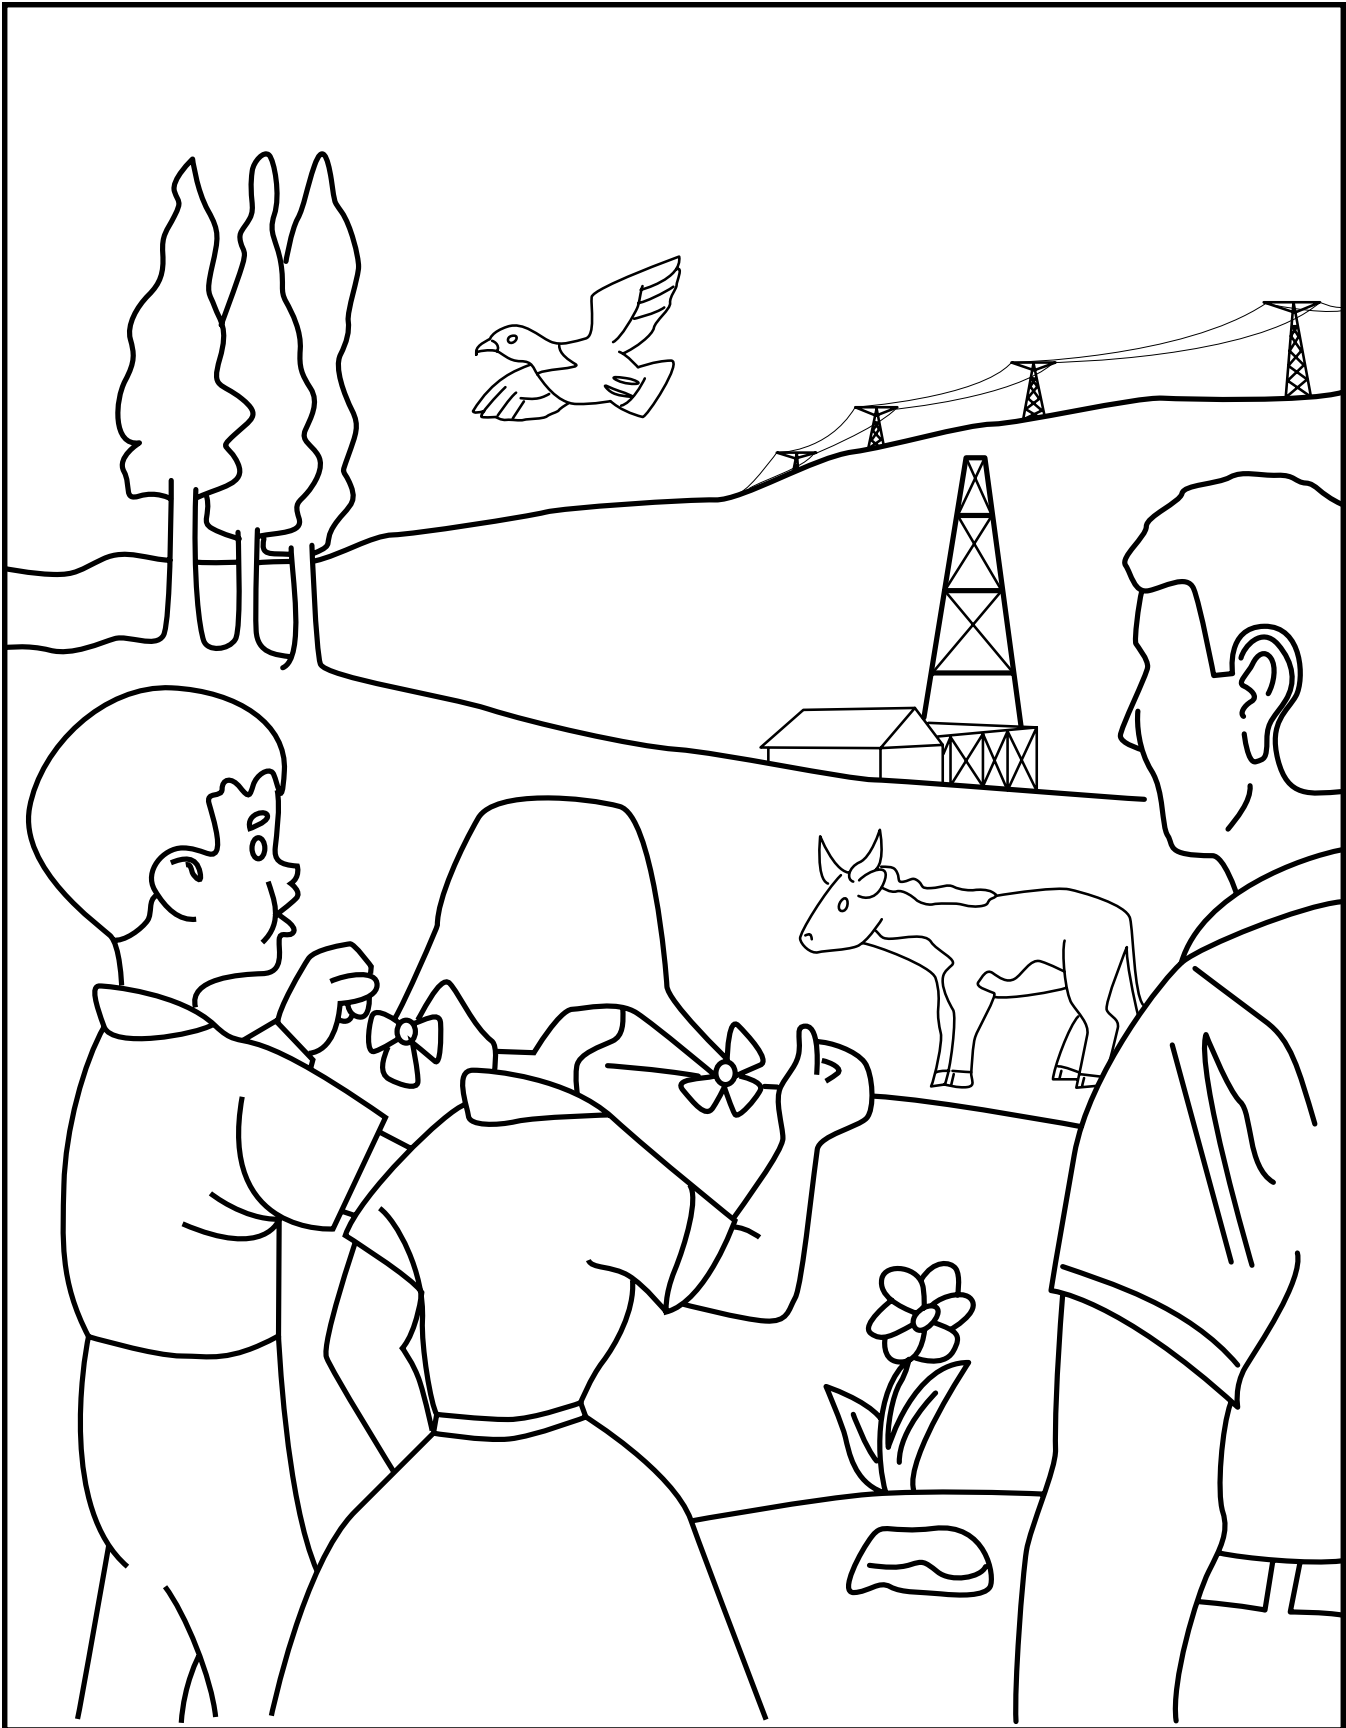

Solve the maze by finding your way to the ore car.

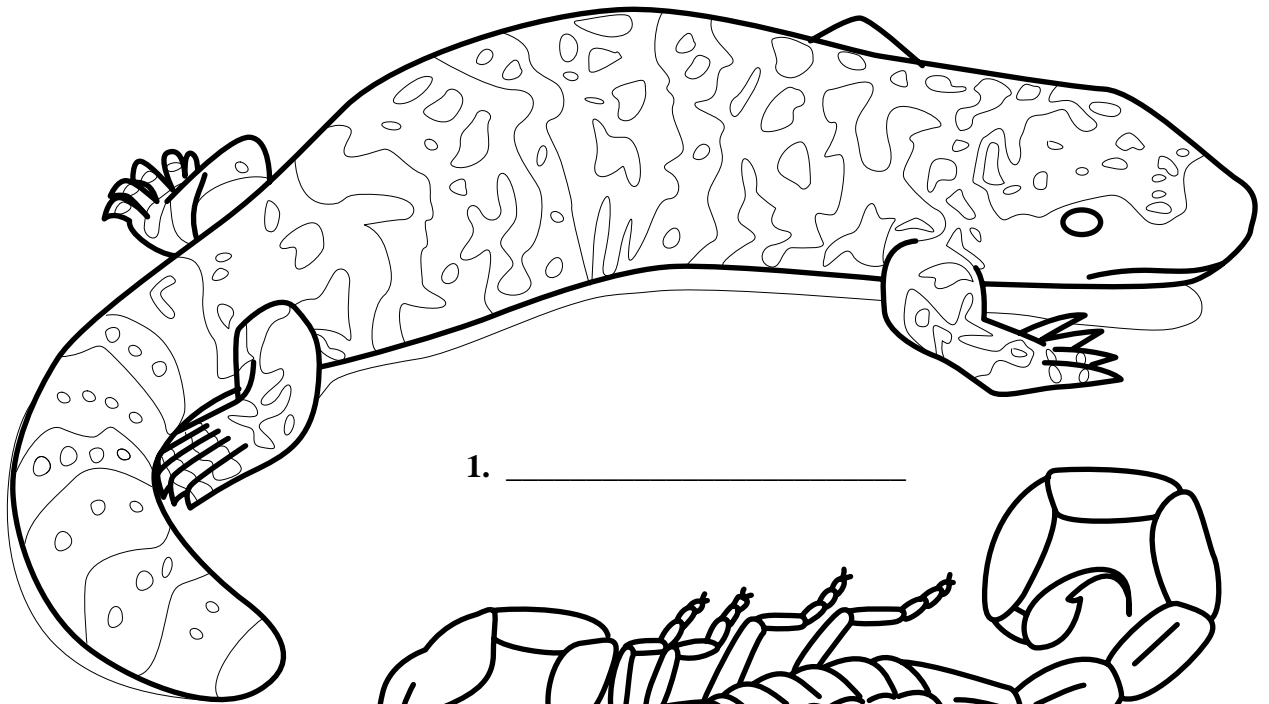

Help keep the public lands clean. Pick up the litter!

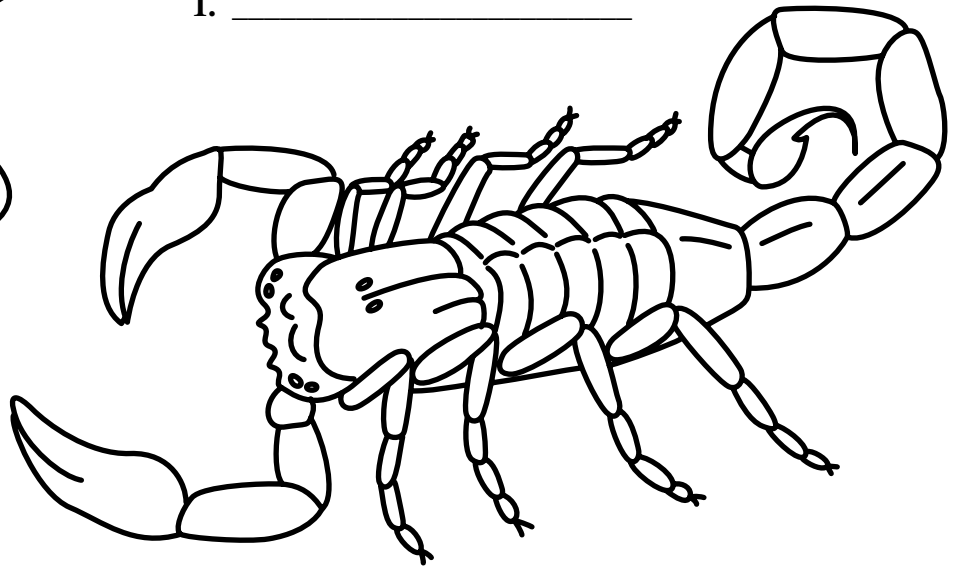

BLM rangers help people learn about the environment and the public lands.

BLM lands have many uses.

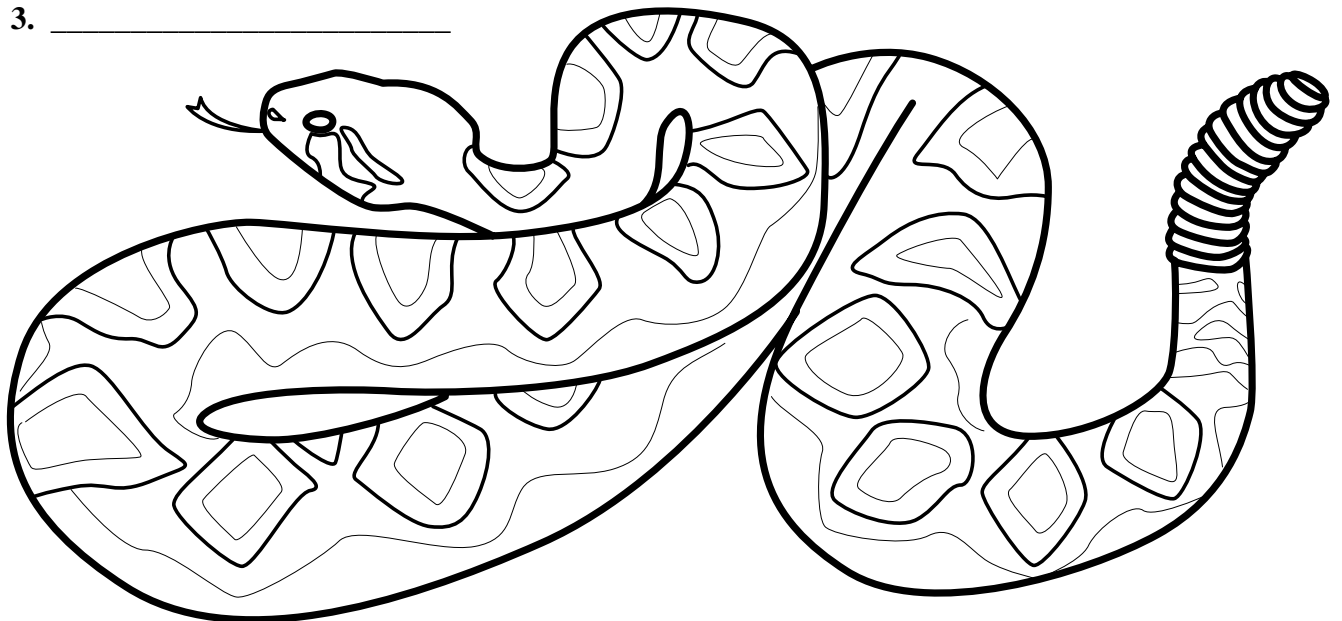

1. _____

15. scorpion (Pg 15)

Dear Parents:

This book has been prepared to introduce children to the Bureau of Land Management (BLM). The BLM manages the public lands under the principles of multiple use. These uses include recreation, wildlife habitat, wilderness, mineral exploration, grazing, timber and much more.

We would like children to be aware of and appreciate the variety of natural resources that exist on public lands in Arizona. For more information about opportunities on public lands, please contact one of the following offices:

Arizona State Office
222 North Central Avenue
Phoenix, AZ 85004-2203
